The Ritual

By Naomi

While centered in a
sacred circle
Performing a ritual
of ecstasy
You've summoned my
Deity of passion
Unknowing of the
power she provides

Overwhelmed by this
festival of flesh
You're ignited by an
internal flame
I release your spirit
on an astral adventure
Guiding your senses
to its zenith

As though being born
to a new realization
An ached cry escapes
your lips
As the magic of the
ancients boils in your
veins
You release your soul
unto me
